Tutoring Experience

I have over 7 years of tutoring experience, working with students across various levels and backgrounds. My journey began shortly after completing my MSc at Oxford, where I initially started tutoring IB students in History. Over the years, my expertise has expanded to include Sociology and Extended Essay guidance. I have helped students navigate the complexities of their coursework, develop critical thinking skills, and refine their writing to meet the rigorous demands of the IB curriculum. My approach is tailored to each student's unique needs, ensuring they grasp the fundamental concepts while also encouraging them to explore the subject matter more deeply. I've had the privilege of seeing many of my students achieve top marks, and I take pride in fostering a love of learning in each of them. My teaching philosophy is rooted in the belief that with the right guidance, every student can excel.
